Life after the Covid 19 pandemic. What will be different for you?

This content is posted on eslann.com: [May 14, 2021, Life After the Covid 19 Pandemic](https://eslann.com)

As restrictions are being lifted, let's talk about how our lives will be the same, and how they will be different as the United States returns to a pre pandemic state.

Here are some questions to help you get started:

1. What will be different for you? What will be the same?

- Will you return to your workplace?
- Will you look for a new job?
- Will you travel?
- Will your children return to the school classrooms?
- Do you have any new goals?

2. There is a proverb that says: "Every Cloud has a Silver Lining"

- Did you have any unexpected positive experiences during the pandemic?
For example: did you learn a new skill, start a new hobby, read more, enjoy time with family?

3. What changes should we keep post pandemic?

For example:

- Should we continue to be allowed to work from home?
- Should some school courses continue to be taught virtually?
- Should restaurants continue to offer outdoor dining year-round?
- Should we continue to have virtual social events?
(birthday parties, graduations, awards ceremonies, etc.)
- Should we wear masks when we are sick?
