

# Welcome to Today's Class!

## Today's Topic: Climate Change

What comes to your mind when you hear the words “climate change?”  
Let's discuss the causes, the effects and possible solutions.

### Agenda:

1. Review vocabulary
2. Breakout room discussions
3. Large group wrap-up

# Key Vocabulary

1. greenhouse gases
2. fossil fuels
3. extreme weather
4. recycle
5. carbon footprint
6. renewable energy
7. sustainability
8. eco-friendly
9. climate denial
10. environmental impact

# Let's Talk: Discussion Questions

1. Have you changed any habits because of climate change? (e.g., how you shop, travel, eat?, Do you bring reusable bags or water bottles?)
2. How do you usually get around—car, bike, walk, public transport? Would you change it if possible?
3. How much responsibility do individuals have compared to governments or companies?
4. Have you ever experienced extreme weather (heatwaves, floods, wildfires, etc.)? What happened?
5. How often do you eat meat? Have you ever tried eating less meat for environmental reasons?
6. Do you feel hopeful or hopeless about climate change? Why?
7. Can you name one possible solution?
8. Why do you think that some people do not believe in climate change?
