Today's Topic: UFOs (Unidentified Flying Objects)

The U.S. government recently released some images that are thought to be UFO's. What do you believe? Is there intelligent life "out there" or are we alone?

Agenda:

1. Review the video and vocabulary
2. Breakout room discussions
3. Large group wrap-up

Let's Talk: Discussion Questions

1. Do you believe intelligent life exists somewhere else in the universe? Why or why not?
2. Do governments probably know more about UFOs than they tell the public?
3. Have you ever seen something in the sky that you could not explain?
4. If scientists discovered proof of alien life tomorrow, how would society react?
5. Which is more frightening: the idea that aliens exist, or the idea that humans are completely alone in the universe?
